

**ROTATING PARTICIPATION PLAN  
FOR  
SECTORAL MONITORING COMMITTEE**

**Regional Competitiveness Programme  
Coordination and Implementation Centre  
Ministry of Industry and Trade**

**ANKARA  
2008**

This “Rotating Participation Plan” is prepared by the Monitoring and Evaluation Department in the Regional Competitiveness Programme Coordination and Implementation Center. The Plan is prepared on the basis of the decisions taken in the first Shadow Monitoring Committee for the Regional Competitiveness Operational Programme which was held in Ankara, on 27 November 2007. The Plan clearly shows the permanent and rotating members of the Monitoring Committee and gives a plan for the rotating members for their participation in the Committee for the up-coming 6 years periods.

In the Monitoring Committee, there are two kinds of membership. Some members of the committee are permanent (25) while the others are provisional (15) and subject to a rotation.

Permanent members of the Shadow Monitoring Committee are Ministry of Industry and Trade, EC Commission, Secretariat General for EU Affairs, State Planning Organization, Undersecretary of Treasury, Undersecretary of Treasury, Central Financing and Contracting Unit, Undersecretary of Foreign Trade, Ministry of Culture and Tourism, KOSGEB, National Productivity Center-MPM, TUBİTAK, TOBB, TESK, SEDEFED, TUSIAD, MÜSİAD, TÜRK-İS, TISK, TTGV, GAP Regional Development Administration, East Anatolia Exporters Union, South East Anatolia Exporters Union, Black Sea Exporters Union, Middle Anatolia Exporters Union.

The rotating members of the Monitoring Committee are the representatives of the governors, universities and chambers of industry and commerce in the 15 Growth Centers. These members are subject to a rotation and their membership will be provisional with a view to ensure effective functioning of the SMC as well as to ensure representation from each Growth Centre at the same time. Since there are 15 Growth Centers and three groups of institutions among the rotating members of the Monitoring Committee (Chambers of Industry and Commerce, Governors and Universities), it will be fair and easy to maintain the participation of 5 representatives from each group of institution in the 15 Growth Centers. Therefore, 15 Chambers of Industry and Commerces, 15 Governors and 15 Universities<sup>1</sup> in the 15 Growth Centers will rotationally participate in the Monitoring Committee in the up-coming 6 years periods.

---

<sup>1</sup> There are 13 Universities which are located in the 13 Growth Centers. These are Kahramanmaraş Sütçü İmam University, 19 Mayıs University, İnönü University, Fırat University, Karadeniz Technical University, Erciyes University, Cumhuriyet University, Gaziantep University, Dicle University, Harran University, Atatürk University, Yüzüncü Yıl University, Kafkas University. Since there are not any university in Batman and Kastamonu, Tokat Gaziosmanpaşa University and Hatay Mustafa Kemal University which are located in the target region of the Operational Programme will be rotating members.

**Table 1: PERMANENT MEMBERS**
